Dear Camilla,

Congratulations! You has been chosen to receive the “**Community Collaborator of the Year Award**” for the 19th Annual Spirit of Sedona. Since 2000, the Arizona Community Foundation of Sedona has honored outstanding individuals, businesses, and community benefit organizations who have demonstrated **exceptional philanthropic spirit, leadership and volunteerism** throughout Sedona and the Verde Valley. Your contributions are an inspiration!

You have been truly exemplary in your efforts to make a difference, and ACF of Sedona wants to celebrate you and all that you do to improve our community. Nine individuals nominated you.

“ETC is a community leader, presenting theater that challenges our ideas about social and societal issues. ETC is on the cutting edge, addressing issues of racial and cultural stereotypes through performance allowing us to dig deep inside ourselves to see the positives and negatives of our own beliefs. ETC has provided scholarship to needy children in our community to allow them to participate in summer camps and theater productions they otherwise might not have access to. The productions ETC has provided our community have forced audiences to confront their prejudices and ideals and have left them better for the experience.”

Lisa Glinsky, a member of our Board of Advisors, is pleased to introduce you and present the award.
